

Proficiency Testing

An easy and accepted alternative.

Study type	Number of studies per year
Water Pollution	12
Water Supply	12
Clean Water	4
Effluent	4
Air & Emissions	4
Soil	4
Radiochemistry	4
Multimedia Radiochemistry	2

Did you know there is an easy and accepted alternative to conducting your laboratory's proficiency testing?

Acceptance

As an accredited provider, ERA's PT products are accepted by accrediting bodies around the world.

Reliability

Global expertise with more than 7,000 labs in 80 countries participating in ERA's 2013 PT studies.

Ease

More than 50 PT studies scheduled in 2013 to allow you to participate when it is most convenient for you.

Complete

ERA's PT reports display the results of your lab's performance with a thorough breakdown of your study data, both numerically and graphically, and compares your performance to your study peers.

** Special offer
New customers can try Clean Water (CW) or Effluent (EF) PT studies at no charge through 2014.*

Learn how easy PT testing can be by calling **Campro Scientific** today.
