FILL-EASE™

FILL-EASE READY-TO-USE STERILE VIALS

Pre-assembled

Product Features

- ◆ Sterile and depyrogenated
- ◆ Ready to use
- ◆ Neutral Type I glass tubing
- ◆ CE Marked (upon request)
- ◆ ISO 13485: 2016 Certified
- ◆ DMFs filed with US FDA
- ◆ Manufactured per cGMP standards

Available Type

- ◆ Sterile Vacuum Vial
- ◆ Sterile Empty Vial (capped)
- ◆ Sterile Empty Vial (non capped)

Sterile Vial

Customization

Could not find a product in our catalog to meet your needs?

Don't worry! We are specialized in customization per your requirements on containers, packaging and products etc.

Sterile Vial

● Seal

- Wide range of styles
- Color selection includes silver, yellow, red, blue and green

● Stopper

- Available in Straight Plug, 1-Leg, 2-Leg and 3-Leg styles
- Material: Chloro butyl rubber stopper; Bromo butyl rubber stopper; Teflon-coated butyl rubber stopper

● Label

- Transparent plastic label
- Without label

● Filling

- Nitrogen
- Argon gas
- Sterile water for injection
- Sterile saline

Quality Assurance

Our staff are specially trained with an emphasis on adherence to work instructions and the utmost attention to quality.

All aspects, including material control, manufacturing process, quality control, supplier administration, etc. are defined in a set of Standard Operation Procedures.

A complete GMP quality system has been established. The system has been audited and approved by various companies such as IBA, Siemens and GMS. It has also been certified by the US Food and Drug Administration (FDA) (cGMP). It also holds ISO13485 and CE certificate issued by global qualification organizations such as Intertek, NQA and Dekra.

We are more than happy to support your specific local registration needs if necessary.
